`</>`

Hello programmers 👋 ,

Welcome to new CSS guide.

Some people don`t know how to center anything in CSS...

Let`s fix it!

○———⟶

Grid

Flexbox

Position

Margin

Text

to the
parent ←
+ height: 100vh

```
▪ display: grid
```

```
▪ place-items: center
```

Grid

Flexbox

Position

Margin

Text

```
■ display: flex
```

```
■ justify-content: center
```

```
■ align-items: center
```

to the parent

+ height: 100vh

**Grid** **Flexbox** **Position** **Margin** **Text**

```
■ position: absolute

■ top: 50%; left: 50%

■ margin-right: -50%;

■ transform: translate(-50%, -50%);
```

Grid

Flexbox

Position
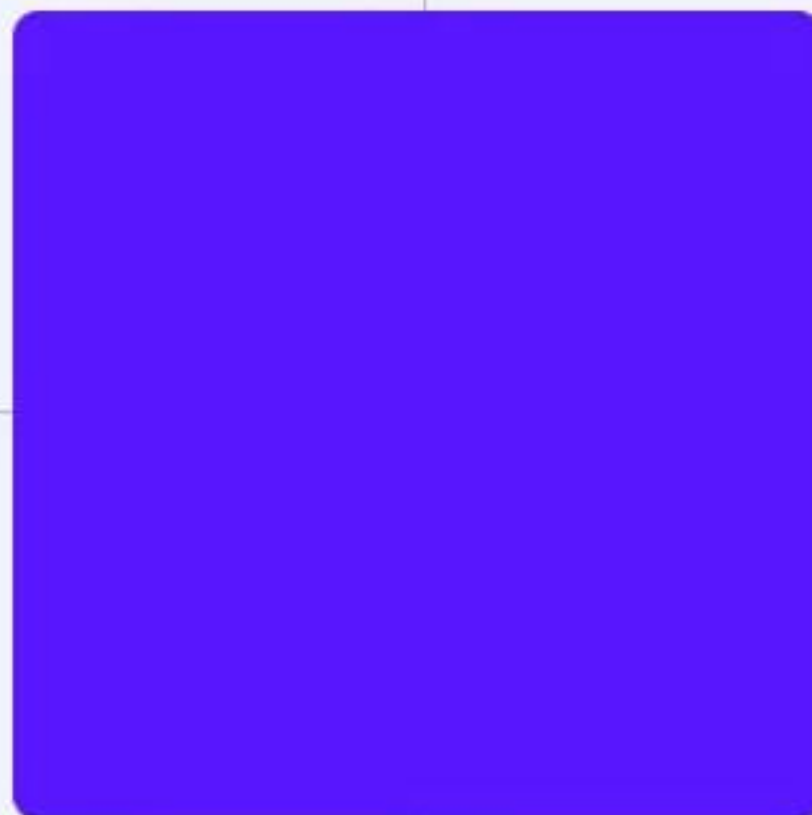

Margin

Text

```
■ margin: 0 auto

■ width: 50%

■ display: block
```

Grid

Flexbox

Position

Margin

Text

```
■ text-align: center
```

Hello world!
